## PROFILE

I have been a pet owner and animal lover for a long time. I understand the importance of their care and am eager to learn more and contribute in this field. In addition, I am looking for job opportunities in different areas beyond my direct experience, as I possess the necessary skills to excel in them. I am an enthusiastic and versatile professional with a strong background in technical and operational functions. My experience ranges from hands-on warehouse operations to collaborative software development, demonstrating my ability to adapt and excel in diverse environments. Known for my positive attitude and proactive approach, I am eager to bring my dedication to exceptional customer service to your team. My commitment to operational efficiency, attention to detail, and strong teamwork skills have been demonstrated through my roles as a Warehouse Associate and Front End Developer.

## WORK EXPERIENCE

### RETAIL ASSOCIATE (SEASONAL)

Ross Store | 07/2024 - Present

My responsibilities include processing payments accurately, managing the cash balance, and providing friendly and professional service. In addition, I support inventory control and store organization, contributing to a positive work environment and customer satisfaction.

### WAREHOUSE ASSOCIATE

AMAZON | 03/2024 - 07/2027

Efficiently packed and labeled a high volume of customer orders for shipment, ensuring accuracy and adherence to Amazon's quality standards. Verified product quantities and conditions, maintaining detailed records to support inventory management. Operated various warehouse equipment such as hand trucks and pallet jacks to move products safely and efficiently. Collaborated with team members to meet daily productivity targets and resolve any operational challenges. Maintained a clean and organized work area, following all safety guidelines to contribute to a safe working environment.

### WAREHOUSE ASSOCIATE

ANDIBIOL | 2023 - 2024

As a member of the warehouse team of a family-owned company, I had a variety of responsibilities in the company, including: production activities, product packaging, order preparation, product labeling and in some cases making deliveries to customers and managing their orders. This experience provided me with valuable skills in attention to detail, operational efficiency and teamwork.

### FRONT END DEVELOPER

Action Tracker Solutions | 2021 - 2024

As a member of the development team I worked with clients to determine system requirements as well as collaborating as a frontend developer in the implementation of different functionalities and modules of the company's web platform. The development was done using the Angular framework in its version 11 with the integration of the Angular Material component library and the CSS framework TailwindCSS.
